Rubaika Zaidi

Dear Rubaika Zaidi

It is our pleasure to recommend Rubaika Zaidi for her participation in the Artificial Intelligence Research & Innovation Program Sprint: IPL Sentiment Pipeline Challenge. Rubaika demonstrated a clear understanding of fundamental sentiment classification concepts and successfully implemented a working NLP pipeline.

Her work reflected practical application of classical machine learning methods for text classification. She showed the ability to compare different approaches, evaluate results, and understand how traditional NLP techniques can solve real-world classification problems.

We encourage Rubaika to continue expanding her skills through deeper experimentation, advanced evaluation techniques, and deployment-focused AI projects.

We believe she has built a valuable foundation for future growth in machine learning.

Key competencies developed

- Fundamentals of NLP classification
- Model evaluation practices
- Building complete ML workflows

Certificate ID:

SAAI-R-2-AIRIP-07

Recommendation:
